SAFEcontractor

The contractor accreditation scheme for business

Schedule to *SAFEcontractor* certificate

This *SAFEcontractor* certificate is awarded for the following services:

- Ability to Sub-Contract works
- Fabrication
- Structural Steel Erection
-

SAFEcontractor accreditation has been achieved following an assessment of the contractor's health & safety documentation, and compared against the *SAFEcontractor* Charter Standards, which set out the health & safety standards required to achieve accreditation.

The following health and safety topics have been considered during the assessment:

- policy statement
- organisational structure
- H & S responsibilities
- communication with employees
- health & safety training
- manual handling
- risk assessments
- H & S advisor
- breaches of H & S legislation
- insurance cover
- emergency procedures
- welfare arrangements
- work equipment-testing and maintenance
- personal protective equipment
- first aid and accident reporting/investigation
- implementation of the policy
- control of substances hazardous to health

For more information on the Charter Standards, the *SAFEcontractor* scheme or for confirmation of this contractor's accreditation please telephone *SAFEcontractor* on 029 2026 6749
